*Step Therapy	Applies	Not Applicable	Not Applicable	Not Applicable
**Mandatory Generic	Applies	Not Applicable	Not Applicable	Not Applicable
***Mail Order for Specialty Medications	Applies	Applies	Applies	Applies
****Performance Preferred Medication	Applies	Not Applicable	Applies	Applies

***Step Therapy-** Where more than one medication in a certain drug class has been shown to be clinically effective but a varying costs, Step Therapy requires a trial with the lower cost medication before approval of the higher cost medication, where clinically appropriate. If the member purchases the higher cost medication without a prior approval, there will be no coverage for the higher cost medication. Benecard employs Step Therapy in each of the following drug categories: Proton Pump Inhibitors (Ulcer/Reflux medications), SSRI/SSNRI (Antidepressants), Osteoporosis, Nasal Steroids, Hypnotics, Triptans (Migraine), ARBs (High Blood Pressure/Hypertension). Standard co-payments apply for prescription medications approved under the Step Therapy program.

****Mandatory Generics-** The pharmacist must dispense the generic equivalent medication when one is available. If the member fills the brand name drug instead, they will be responsible for the brand copay plus the difference in cost between the generic and brand name drug.

*****Mail Order for Specialty Medications** - Requires that specialty pharmaceutical medications be obtained through Benecard Central Fill Specialty. Specialty pharmaceuticals are typically produced through biotechnology, administered by injection, and/or require special handling and patient monitoring.

******Performance Preferred Medications** - The Performance Preferred Medication List is a voluntary guide for selecting clinically and therapeutically appropriate medications. A great majority of brand-name medications and generic medications are included on the Performance Preferred Medication List. In addition, the list also excludes several medications. If purchased, members would be responsible for paying 100% of the medication cost of these excluded medications identified in the Performance Preferred Medication List. Please note, the Performance Preferred Medication List updates throughout the year, and for the most up to date version please refer to Benecard's website: <https://www.benecardpbf.com/PBF/>
